were ladies. It was the first visit of Her Majesty

the Queen to the fine ship which conveyed her royal

busband from San Francisco, and, as was quite nat-

the vessel. After inspecting the gun deck and the

parapheroalia of these peacemakers, she visited the

Admiral's and Captain's fine parlors, and returned

on deck to see the huge gun which rests near the

stern, and which sweeps the whole horizon when

necessary. Admiring its proportions, she asked its

name, when the Admiral, catching his answer

THE PUBLIC ARE CAUTIONED AGAINST the unfounded statements frequently made, "that the composition of Catomontan is known to Chemitra and the Medical very fusion." The fact is Chicago. ists and the Medical profession." rodyne was discovered and invented by Dr. J. COL-LIS BROWNE (ex Army Medical Staff), and so named by him, and it has buffled all attempts at analysis by the first Chemiats of the day. The method and secret of the preparation have never been pub-lished. It is obvious, therefore, that anything solid under the name, save Dr. J. COLLIS BROWNE'S CHLORODYNE, is a spurious imitation.

CAUTION.—Vice-Chanceller Sir W. P. Wood stated that Dr. Cellis Browne was undoubtedly the inventor

of Chlorodyne REMEDIAL USES AND ACTION. REMEDIAL URBS AND ACTION,
This invaluable remedy preduces quiet, refreshing alsees, relieves pain, calms the system, restores the deranged femotions, and stimulates healthy action of the secretions of the
body, without creating any of those unphessent results attending the use of optum. Old and young may take it at all
hours and times when requisite. Thomsands of persons festify to its marvellous good effects and wooderful curse, while
medical men axtol its virtues most extensively, neing it is
great quantities in the following disease:—Cholers, Dysentery, Distribuse, Colies, Coughe, Arthum, Blacemation, Neuralgis, Whooping Cougs, Gramp Rysteria, &c.
